LOAGHTAN ACCOUNTS

The growth package

Know what to charge, when to hire and what you can safely take out.

For owners who want more than accounts once a year. A fixed monthly fee in addition to your usual accounts fee, regular catch ups, and numbers that help you price, plan and grow.

What you get

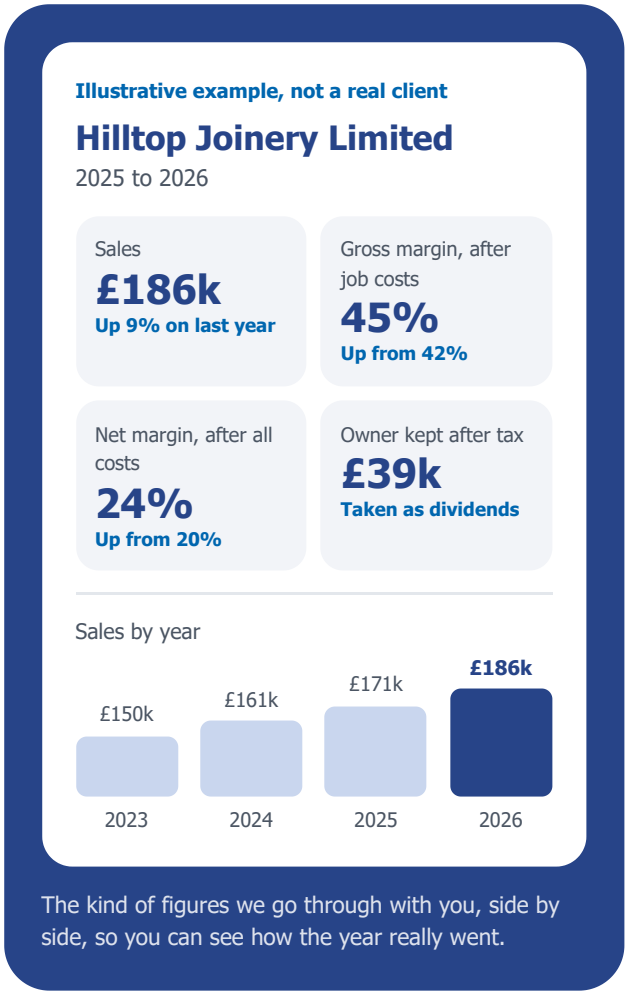
- A budget for the year you can actually use
- Reports in plain English, with the figures that matter
- Help with pricing, quoting and job costing
- A regular sit down to talk it all through

Questions it helps you answer

- What should I charge?
- When can I afford to hire?
- How much can I safely take out?
- How do I plan for a quiet winter?

How it works

- A free chat about your plans
- A fixed monthly fee, agreed in writing
- Regular catch ups through the year



The kind of figures we go through with you, side by side, so you can see how the year really went.
